COURSE STRUCTURE

The course consists of 24 complementary units of learning, spread across 11 interrelated competencies:

MANAGEMENT COMPETENCIES	EMPLOYMENT COMPETENCIES
Understanding Management	Being Professional and Prepared
Developing Management Skills	Communicating Effectively in Professional Context
Leading in Organisation	Developing Critical and Flexible Thinking
Managing Teams	Identifying Analysing and Solving Problems
Managing People	Growing Industry and Social Awareness
Organisational Management	

ASSESSMENT METHODS

The learning framework is designed to recognise prior experience and learning, so students can demonstrate their understanding and complete the course in less time/at their own pace. Prior learning checks at the start of each learning unit check the learners’ mastery of the subject and allow them to advance to the unit assessments that demonstrate how the learning outcomes have been met. Work-based assessments help apply learning to employment.
